Summary:

On 03-23-2017, at approximately 1545 hours, Officers Michael Hauscarriague, Vuong Truong, Stuart Donaldson, Ross Tweedy and I were dispatched to the Unit T-13 Courtyard for a PDAS (Personal Duress Alarm System) activation. Every Staff member is given a PDAS alarm and is instructed to activate it if they are in fear for their life or safety.

While en route to the Courtyard I could hear Patient [REDACTED] screaming, "Fuck you" and "I'm going to kill everyone!" I recognized this was [REDACTED] voice from contacting him in previous incidents. Officers ran from the Substation to the Courtyard.

Upon arrival, at approximately 1546 hours, I saw [REDACTED] pacing back and forth on the other side of a locked chain linked gate. I saw several staff approximately 40 feet away from [REDACTED] on the other side of the Courtyard. I knew something was wrong because there were no staff or patients near [REDACTED] I thought [REDACTED] possibly had a weapon and that is why there were no staff around him.

█████ eyes were wide open. He had his head down, fists clenched, arms were rigid and was breathing heavy. █████ yelled, "Fuck you motherfuckers!" Officer Donaldson gave █████ the verbal command to walk away from the gate so Officers could enter the Courtyard safely. █████ walked towards the west cement wall and yelled, "Fuck you motherfucker's!"

As █████ was walking towards the wall, he kicked a basketball in a aggressive manner. █████ still had both fists clenched and his arms were rigid. Based on prior incidences with █████ I knew this was a precursor to a violent act. I felt like █████ was going to physically harm someone.

Officer Hauscarriague entered the Courtyard and gave the verbal command for █████ to stop walking away. █████ yelled, "I'm going to kill you Officers!" I ran towards █████ in an attempt to control him on the ground for the safety off staff, patients, and Officers. I felt that would have been the safest decision at that time. I was in fear that if we did not contain █████ quickly he would have physically harmed someone. Officer Hauscarriague approached █████ before I did and attempted to contain him on the waist area using both arms. █████ turned his body slightly and used his right arm to push down on Officer Hauscarriague's right shoulder. This resistance forced Officer Hauscarriague and █████ towards the Courtyard wall. █████ and Officer Hauscarriague both contacted the wall.

█████ was in the prone position and Officer Hauscarriague was on top of him. I immediately grabbed █████ █████ was turned to the recovery position. Officer Hauscarriague asked █████ if he was okay. █████ continued to yell and threaten Officers. I asked █████ if he needed medical attention. █████ yelled, "Fuck you!" I noticed █████ Officers asked medical staff on the unit to medically asses █████ Staff placed a towel underneath █████ head.

Officers on scene dispatched Napa State Hospital Fire Department, AMR (American Medical Response), and Sergeants to the scene. █████ was transported by AMR to the Queen of the Valley Medical Center for treatment. Officer Hauscarriague was transported by Sergeant Sergio Flores to the Queen of the Valley Medical Center for █████ like symptoms.

Officers cleared this incident at approximately 1625 hours.

Additional Information:

On 03-21-2017, at approximately 1400 hours, during daily shift report Sergeant Sergio Flores informed on duty Officers and myself Staff █████ heard █████ say he was going to kill and Officer in order to get back to county jail. At approximately 2025 hours, Officers Stuart Donaldson, Ross Tweedy, Stuart Yocum, Herbert Tubillara, and I spoke with █████ We asked █████ if we could ask him a few questions. █████ agreed to speak with us. We asked █████ if he said he was going to kill an Officer. █████ said he was going to kill someone to go back to county jail and he was not afraid of the Police. █████ also said he was going to go to the Police Department with hand grenades. As a Police Officer I take every threat seriously.

█████ also physically assaulted a Police Officer by "Head butting" the Officer during a wall containment. See case #17-01-0122 for more information. █████ also exhibited a deadly weapon towards Officers and took a postured stance towards Officers. See case #16-12-1688 for more information.

[REDACTED] began pacing in the Courtyard and was kicking objects. [REDACTED] turned towards staff and yelled, "I will kill you all!" [REDACTED] said staff activated their alarm and the Police arrived. [REDACTED] said the Police told [REDACTED] to move away from the gate. [REDACTED] began threatening the Police and the police tackled [REDACTED] from behind. [REDACTED] and the police ran into the wall.

I asked [REDACTED] if he had any issues with how the Police handled the situation. [REDACTED] said, "No there were no issues." I asked [REDACTED] if the Police could have done anything different. [REDACTED] said, "No I don't think you guys could have done anything different."

[REDACTED] began threatening to kill everyone and the Police arrived. The Police told [REDACTED] to walk towards the wall. [REDACTED] said towards the wall was the only place that was empty. Officers tackled [REDACTED] and they both hit the wall.

I asked [REDACTED] if she was in fear for her safety. [REDACTED] said, "Yeah." I asked [REDACTED] if she had any issues how the Police handled the situation. [REDACTED] said, "No." I asked [REDACTED] if the Police could have done anything different. [REDACTED] said, "No."

At approximately 1607 hours, I interviewed [REDACTED] in the Courtyard. I asked [REDACTED] if she could tell me what she witnessed. [REDACTED] said [REDACTED] was yelling and kicking objects in the Courtyard. [REDACTED] was yelling, "Fuck you Filipinos!" [REDACTED] said [REDACTED] threatened and challenged staff. I asked [REDACTED] if could explain how [REDACTED] challenged staff. [REDACTED] said [REDACTED] turned towards staff and yelled, "Come and get me!" [REDACTED] said Officers arrived and [REDACTED] threatened to kill them. Officers tackled [REDACTED] and they collided with the wall.

I asked [REDACTED] if she was in fear for her safety. [REDACTED] said, "Yeah, I thought he was going to hurt someone." I asked Mechure if she had any issues with how the Police handled the situation. [REDACTED] said, "No. It's unfortunate that [REDACTED] hit his face on the wall but you had to make split second decision at that moment." I asked [REDACTED] if the Police could have done anything different. [REDACTED] said, "No, you guys did your job."

I assisted [REDACTED] to a seated position against the West Wall of the Courtyard. Med 23 arrived at approximately 1552 hours to clean up [REDACTED] face and perform a medical assessment. [REDACTED] was assisted to sit on a bench positioned near the entry-gate. I took photos of [REDACTED] injuries during this time (see attached). American Medical Response arrived to the Courtyard at approximately 1557 hours and transported [REDACTED] to Queen of the Valley Medical Center.

NARRATIVE

On 03/23/2017, at approximately 1545 hours, a Personal Duress Alarm (PDAS) was activated on unit T13. Hospital Police arrived to the unit T13 courtyard-A at approximately 1546 hours. Officers present were, Jose Becerra, Stuart Donaldson, Vuong Truong, Michael Hauscarriague and myself (Officer Ross Tweedy).

Officers arrived to the Unit T13 courtyard where I observed Patient [REDACTED] standing on the other side of the locked chain link fence entrance. [REDACTED] was pacing back and forth along the fence and taking deep breaths with his fists clenched and would not acknowledge police verbal commands. [REDACTED] back was to the fence and continued to pacing with his head down looking at the ground. [REDACTED] yelled, "Fuck you, you Filipino motherfucker's!"

Officer Donaldson gave [REDACTED] the verbal command to walk away from the gate entrance so Officers could enter the courtyard safely. He replied, "Fuck you motherfucker's!" [REDACTED] walked away from the fence and began to walk in the directions towards the west cement wall as I unlocked the fence. As [REDACTED] was walking away from the fence towards the wall he kicked a basketball and chair with a great amount of force and continued to yell. [REDACTED] still had both his fist clenched and arms rigid and jaw clenched (I could observe his jaw muscle bulging from his cheek).

Officer Hauscarriague entered the courtyard and gave the command to [REDACTED] to stop walking away, [REDACTED] began to turn around towards Officer Hauscarriague, stating, "I'm going to kill you Officers!" Officer Hauscarriague then approached [REDACTED] and attempted to contain him by grabbing his waist area with both arms to get him to the ground. During this attempted containment [REDACTED] and Officer Hauscarriague impacted the west cement wall. [REDACTED] face made impact to the wall as well as Officer Hauscarriague head. [REDACTED] As Officer Becerra and Truong [REDACTED] and contained him on the ground I stood by and asked staff and patients to back up from the incident securing the scene.

Officers on scene dispatched Napa State Fire Department and American Medical Response (AMR) and Sergeants Nicholas Kotsinadelis and Sergio Flores to the scene. Interviews with staff present to the incident were conducted by Officers present. [REDACTED] was taken by AMR to Queen of the Valley Hospital (Napa, Ca) for treatment to his injuries. Hauscarriague was also transported by Sgt. Flores to Queen of the Valley Hospital for further medical evaluation. Officers cleared this incident at approximately 1625 hours.

NARRATIVE

On 03/21/2017 Sergeant Sergio Flores notified on duty officers and myself that Staff Member [REDACTED] heard [REDACTED] say he was "going to kill a police officer in order to get back to county if his court hearing went bad." I spoke to [REDACTED] on 03/21/2017 at approximately 2025 hours, [REDACTED] told me, "he wanted to kill someone and was not afraid of the police, I can kill you Mother Fuckers." [REDACTED] also stated "I will take two hand grenades and blow up the police station." [REDACTED] also "head butted" an officer during a wall containment earlier in the year.

On 03/23/2017 at approximately 1545 hours, officers responded to an a Personal Durres Alarm activation to Unit T-13 Courtyard-A. As officers arrived we could hear a patient yelling "Fuck you Filipino Mother Fuckers!" I recognized the patients voice as [REDACTED]. Officers arrived to Unit T-13 Courtyard-A. [REDACTED] was standing with his back towards the gate and facing staff on the courtyard. There were approximately ten staff standing near the door entering the Unit from the Courtyard. There were several patients on the Courtyard. I gave [REDACTED] a verbal command to walk away from the gate, to give officers enough space to open the gate safely. [REDACTED] said "Fuck you Mother Fuckers." [REDACTED] walked to his right (West) with both fists clenched and his arms rigid. Officer Ross Tweedy opened the gate. [REDACTED] began kicking items on the courtyard. First he kicked a bench, followed by a basketball. [REDACTED] hands were clenched in fists and his arms rigid. [REDACTED] began pacing back and forth. I recognized this physical posturing by [REDACTED] as possible pre-attack indicator of assault. All of these actions made me feel [REDACTED] was about to act violently towards someone on the courtyard.

Officer Hauscarriague entered the Courtyard first. [REDACTED] continued to walk away (Westward). There are bushes located along the west wall of the courtyard. Knowing [REDACTED] has made threats to officers and has assaulted to officers I was in fear that there were possible weapons located in the bushes. Officer Hauscarriague gave the command "stop" to [REDACTED] yelled, "I'm going to kill you officers!" Officer Hauscarriague attempted to contain [REDACTED] and grabbed [REDACTED] around the waist with both hands. Hauscarriague had his chest against [REDACTED] back, both were facing the same direction (West). Hauscarriague attempted to pull [REDACTED] to the ground. Hauscarriague had [REDACTED] left arm pinned against his left side and was attempting to take [REDACTED] down on their left side. [REDACTED] used his right hand and pushed on Hauscarriagues' right shoulder in an attempt to free himself from the takedown. [REDACTED] tried to push free at the same time with his legs. The momentum shifted from going to the left of [REDACTED] to his right. Hauscarriague was dragging his feet and knees to prevent [REDACTED] from gaining momentum. The momentum carried both [REDACTED] and Hauscarriague into the cement wall on the west side of the Courtyard. I saw Hauscarriague hit his head on the wall. Hauscarriagues head snapped back. Hauscarriague released control of [REDACTED] Officer Truong [REDACTED] when he on the ground.

Officers notified on duty Sergeants Nicholas Kostinadelis and Sergio Flores. Officers also notified Napa State Hospital Firefighters that medical assistance was needed. Firefighters notified American Medical Response to respond. Dispatch notified on duty Medical Doctor.

[REDACTED] was taken to Queen of the Valley Hospital by American Medical Response.

Officer Hauscarriague was taken by Sergeant Flores to Queen of the Valley Hospital for treatment.

Interview with Witness, [REDACTED] Recreational Therapist:

On 03/23/2017 at approximately 1600 hours, I spoke with [REDACTED] on Unit T-13 on Courtyard A. I

asked [REDACTED] if she could tell [REDACTED] about the incident she witnessed. [REDACTED] alters told me she was taking pictures of patients for their identification cards "over there". [REDACTED] pointed to the South-West corner of the courtyard. [REDACTED] said she heard patient [REDACTED] yelling. [REDACTED] said she heard [REDACTED] say, "Fuck you, I'm not going to calm down." [REDACTED] told me she saw [REDACTED] walk toward the gate of the courtyard. [REDACTED] said a staff member activated their PDAS (Personal Duress Alarm System). [REDACTED] said officers arrived and [REDACTED] started to yell at the officers and kicked over a plastic chair. [REDACTED] told me officers told [REDACTED] to get away from the gate and officers opened the gate. [REDACTED] said she saw officers take [REDACTED] down to the ground. I asked [REDACTED] if she saw anything else. [REDACTED] said, "no." I concluded my interview at this time.

Interview with Witness, [REDACTED] Psychiatrist:

At approximately 1605 hours, I spoke with [REDACTED] on Unit T-13 on Courtyard A. I asked [REDACTED] if he could tell me about the incident he witnessed. [REDACTED] told me he was talking to patient [REDACTED] on a bench on the eastern side of the courtyard. [REDACTED] said he was talking to [REDACTED] about his treatment plan. [REDACTED] told me [REDACTED] had an incident earlier in the day. [REDACTED] asked [REDACTED] if he was going to be able to go the S-Complex tomorrow. [REDACTED] told [REDACTED] due to the incident that he would be restricted to stay on the unit. [REDACTED] said [REDACTED] stood up and said, "if that's the case I'm not going to be a nice guy." [REDACTED] kicked a plastic chair on the courtyard twice. [REDACTED] walked over to the gate of the courtyard and began kicking the gate. [REDACTED] told me a female staff was standing next him asked if she "should pull my alarm". [REDACTED] said, "yes." I asked [REDACTED] why he said yes. [REDACTED] told me [REDACTED] was "definitely agitated." [REDACTED] said a staff member ([REDACTED]) was standing near the gate. [REDACTED] told me heard [REDACTED] say, "Fuck you [REDACTED] Fuck you Maria, Fuck you Filipinos." [REDACTED] said he heard a staff member ask [REDACTED] if he wanted to take medication to help calm down. [REDACTED] said, "yes." [REDACTED] told me he went back into Unit T-13 to tell staff to get the medication ready and to open the Seclusion Room for [REDACTED]. I asked [REDACTED] Laguitan if he saw any of the events after he entered the unit. [REDACTED] said he did not witness any interaction between [REDACTED] and police. [REDACTED] said he did not. I concluded my interview at this time.

NARRATIVE

Officer Jamie Davies' Review to Case #17-03-0418, Originally Filed by Officer Jose Becerra

On 03/24/2017, at approximately 0700 hours, Sergeant Del Pickard assigned me (Officer Jamie Davies) to conduct follow up and review on Officer Jose Becerra's original Case #17-03-0418.

On 03/24/2017, at approximately 1124 hours, Detective Terence McCullough, Detective Gary Fagundes, and I arrived to Unit A-3 (Department of State Hospitals-Napa, 2100 Napa Vallejo Highway, Napa, CA., 94558) to conduct a follow up investigative interview with Suspect Patient [REDACTED]

An audio recording of this interview is attached and is included with this case.

Detective McCullough, Detective Fagundes, and I asked [REDACTED] if he wanted to speak to us in regards to a prior incident that occurred on 3/23/2017, at approximately 1545 hours. [REDACTED] responded "Yes."

[REDACTED] walked to the Conference Room, room #1179 located on Unit A-3. Present in the Conference Room, room #1179 during the interview were Detective McCullough, Detective Fagundes, myself, and Psychiatric Technician Assistant [REDACTED] whose assignment was to observe [REDACTED]. This assignment is a 24 hour assignment due to [REDACTED] aggressive behavior.

Prior to the interview, I introduced myself, Detective Fagundes, and Detective McCullough by name, badge number, and advised [REDACTED] of the Napa County District Attorney's Office Miranda Warning. I read [REDACTED] the Miranda Warning verbatim provided by the Napa County District Attorney's Office. [REDACTED] said he understood each of the rights that were provided to him. [REDACTED] requested to speak to Detective McCullough, Detective Fagundes, and I without the presence of an Attorney. [REDACTED] stated, "No Lawyer. Keep going."

Detective McCullough, Detective Fagundes, and I were in full uniform at the time of the interview.

Detective McCullough, Detective Fagundes, and I spoke with [REDACTED] for approximately thirty two minutes (32) and twenty (20) seconds. The interview began at approximately 1128 hours and ended at approximately 1200 hours. Refer to Detective McCullough's and Detective Fagundes' supplements in regards to statements [REDACTED] made to them during the interview.

Facts that were obtained by [REDACTED] statements to me are summarized below. Refer to the audio recording of the interview for complete details.

[REDACTED] said, "Everyday they come to my unit and try to harass me." I asked [REDACTED] if he was referencing the "Police" in that statement. [REDACTED] replied, "Yes, the Police."

[REDACTED] stated, "I don't like them. Just because I tell them I'm going to get even with them, and I will someday. I'll come back and bomb this fucking place. I swear to God I'll do it."

I said to [REDACTED] that he had referenced "Killing" and "Getting even." I asked [REDACTED] if he could explain to me what he meant by both statements. [REDACTED] replied, "If they don't leave me alone if I get the chance I'm going to kill one of those motherfuckers and go back to prison or jail." I asked [REDACTED] how he intended on "Killing" the Police Officers. [REDACTED] stated, "With my hands. How do you think?"

[REDACTED] said, "I'll choke them to death"

I asked [REDACTED] if he had the opportunity, would he have killed the Police during the incident? [REDACTED] replied, "I would have killed one yesterday in order to go back to prison or jail." I confirmed with [REDACTED] that he would have killed a Police Officer yesterday in order to go back to prison or jail. [REDACTED] stated, "I will kill anyone who gets in my way from now on. As long as they fuck with my case, I'm going to fuck with theirs."

[REDACTED] stated that the Police Officers jumped him from behind. "They ran me into the goddamn wall."

[REDACTED] referenced using a "Machine gun" to kill Police Officers. I asked [REDACTED] "If you had a machine gun yesterday would you have used it on the Officers?" [REDACTED] responded, "Fuck. All over the place." I asked [REDACTED] again, "If you had the opportunity you would have killed them?" [REDACTED] said, "Everybody."

I asked [REDACTED] "If you were given the opportunity and you saw this Officer again, would you go after him?" [REDACTED] replied, "With a vengeance." I repeated back to [REDACTED] "With a vengeance?" [REDACTED]

responded, "Yeah, that Officer [REDACTED] never come back to T-13." Unit 13 is the patient unit that [REDACTED] was housed on at the time of this incident.

[REDACTED] stated again, "I just want to get even with them." I asked [REDACTED] if he was referring to the "Choke" he previously stated in order to "Get even." [REDACTED] told me, "Anyway that I can."

I asked [REDACTED] if he had anything else to add in regards to this incident. [REDACTED] replied, "Tell whoever is in charge to leave Mr. [REDACTED] alone or deal with the circumstances."

[REDACTED] said, "They think they got balls. I got bigger balls than they do." "I've had Karate for thirty years. Look at me. I'm all fucking bone. They can't hurt me. They try to break my arm. They haven't been able to do shit. They'll never be able to do shit to me."

After reviewing this case, and my investigation, the elements of the following California Penal Code Sections have been substantiated:

California Penal Code 69: Threatening/Resisting an Executive Officer, a felony.

Interview with Witness, Police Officer Stuart Donaldson:

On 03/24/2017, at approximately 1749 hours, I interviewed Officer Donaldson in my Office, room #204 at the Department of State Hospitals-Napa Police Department (2100 Napa Vallejo Highway, Napa, CA., 94558) to obtain additional information in regards to Case #17-03-0418.

According to Officer Donaldson, when he approached the courtyard he could hear [REDACTED] yelling". Officer Donaldson said "His fists were clenched. His arms were rigid. He looked very upset and angry." Officer Donaldson stated he knew it was [REDACTED] by previous encounters with him.

Officer Donaldson told me once he gained entrance into the courtyard, [REDACTED] was standing with his back towards the gate. Officer Donaldson said he did not want [REDACTED] to "Run away". I asked Officer Donaldson why he did not want [REDACTED] to "Run away?". Officer Donaldson responded, "From prior dealings with him, he has been aggressive towards us. He has been really aggressive towards staff"

I asked Officer Donaldson once he made entry into the courtyard, if he could tell me what happened next. Officer Donaldson said, "I saw Officer Hauscarriague approach [REDACTED] who had his back towards us. He was going towards some bushes." Officer Donaldson told me during this time multiple Officers were giving [REDACTED] lawful orders to stop walking away from them. Officer Donaldson said, "We didn't want him to get too close to the wall or bushes where we couldn't see if there was possible weapons." Donaldson told me, "He has brandished a weapon before. He's threatened us with weapons."

Officer Donaldson reiterated to me again that he was in fear that [REDACTED] could potentially obtain a weapon and was not listening to lawful orders made by Police Officers.

Officer Donaldson told me [REDACTED] has had a history of assaulting Police Officers.

Officer Donaldson told me when Officer Hauscarriague attempted to control [REDACTED] "[REDACTED] used his right arm, pushed off of Hauscarriague's right shoulder, and that expelled him to the right side. At the same time he broke the tackle and gained speed." I asked Officer Donaldson if [REDACTED] was still "Actively resisting" Officer Hauscarriague. Officer Donaldson responded, "He was actively resisting." Officer Donaldson told me at time he and other Police Officers were giving [REDACTED] lawful orders to "Stop." Officer Donaldson told me at that time he saw Officer Hauscarriague's head hit the wall. Officer Donaldson said, "His neck snapped violently. He released the containment. I saw both [REDACTED] and Hauscarriague fall to the ground."

I asked Officer Donaldson if [REDACTED] was saying any threatening statements after Officer Hauscarriague attempted to contain him. Officer Donaldson stated, he said "I'm going to kill you," "Get the fuck off me," and "Let go of me. I'm going to kill you." Officer Donaldson said at that time, [REDACTED] was directing all threatening statements to the Police Officers involved in the incident. At one point Officer Donaldson said [REDACTED] said, "I'm going to kill you Officers."

Officer Donaldson stated after [REDACTED] and Officer Hauscarriague fell to the ground [REDACTED] was, still yelling "I want to kill you and was very descriptive on hurting us."

Officer Donaldson stated in a prior incident with [REDACTED] "He wanted to kill an Officer. In doing that he was going to get to go back to county."

Officer Donaldson said he and Officer Ross Tweedy requested medical attention and the Sergeant on duty for Officer Hauscarriague and [REDACTED] injuries.

Officer Donaldson told me with prior experience with [REDACTED] "When he makes these statements he will swing or hurt someone else." Officer Donaldson stated "He is a known patient who has weapons." Officer Donaldson told me he and other Police Officers had to intervene with [REDACTED] for the "Safety of patients, staff, and themselves."

Interview with Victim, Police Officer Michael Hauscarriague:

On 03/24/2017, at approximately 1830 hours, I interviewed Officer Hauscarriague in my Office, room #204 at the Department of State Hospitals-Napa Police Department (2100 Napa Valles Highway, Napa, CA., 94558) to obtain additional information in regards to Case #17-03-0418.

An audio recording of this interview is attached and is included with this case.

Facts that were obtained by Officer Hauscarriague's statements to me are summarized below. Refer to the audio recording of the interview for complete details. The interview with Officer Hauscarriague was approximately sixteen (16) minutes and thirty-six (36) seconds.

I asked Officer Hauscarriague if he was "Briefed" about Patient [REDACTED] prior to this incident. Prior to the shift, the Sergeant on duty conducts a "Briefing." During the "Briefing" the Sergeant advised the Police Officer's prior to going to their post, if there is a potential safety hazard, persons of interest, and current events.

Officer Hauscarriague stated, "My Sergeant, Nicholas Kotsinadelis briefed me approximately two days before. He told me Patient [REDACTED] had made a threat on Officers lives, so that he could go back to jail. I was also briefed that Patient [REDACTED] was known to make weapons."

Officer Hauscarriague told me he was responding to a "Personal Alarm" on Unit T-13. Officer Hauscarriague stated that when staff are working on the patient housing units they carry a Personal Duress Alarm System. Officer Hauscarriague said staff activate their alarm when they are "In distress. They pull their alarm when they need additional help, or when they are in fear for their safety."

Officer Hauscarriague said when he approached Unit T-13 courtyard gate, he heard "Yelling." Officer Hauscarriague said he could see through the gate and that were multiple staff members inside the courtyard with [REDACTED]. Officer Hauscarriague told me he knew that it was [REDACTED] in the courtyard because of the briefing provided by Sergeant Kotsinadelis and prior incidences with [REDACTED]. According to Officer Hauscarriague, due to the prior incidences, he is familiar with [REDACTED] appearance.

Officer Hauscarriague said prior to Police Officers opening the courtyard gate [REDACTED] was still "Agitated", had his "Fists clenched," and [REDACTED] was "Pacing around." Officer Hauscarriague said, "When you go to a Personal Duress Alarm System, most of the time the staff are there trying to talk to them. When you see the staff so far away from them, you know they're in fear for their safety." Officer Hauscarriague said this statement was based upon his experience at Department of State Hospitals-Napa.

I asked Officer Hauscarriague, "Once you saw that the staff was so far away, and Patient [REDACTED] was exhibiting that behavior, What was going through your mind at that point?" Officer Hauscarriague responded, "I didn't know what had just happened. I didn't know if someone had just been assaulted. I didn't know if [REDACTED] had a weapon, and I wanted to keep the staff in the courtyard safe, and the only way to do that was to get into the courtyard to gain control of [REDACTED]."

Officer Hauscarriague stated once he made entry into the courtyard gate, [REDACTED] had his back towards the Police Officers. Officer Hauscarriague told me [REDACTED] "Still had his fists clenched. He was still yelling, and he kicked a ball that was on the ground."

Officer Hauscarriague stated, "Once again I didn't know if he had a weapon in his hand, or in his pockets. If he had pockets. I didn't know if he had pockets or weapons anywhere near him in general." Officer Hauscarriague said when [REDACTED] kicked the ball he believed [REDACTED] was going to, "Turn around and fight us."

I asked Officer Hauscarriague if patients were typically searched before they went to courtyard. Officer Hauscarriague told me he was not sure if [REDACTED] was searched prior to going to courtyard,

and it was possible [REDACTED] had a weapon on his person at the time of the incident.

According to Officer Hauscarriague, after [REDACTED] kicked the ball he attempted a ground control technique of [REDACTED]. Officer Hauscarriague stated, "I believed that ground control was the safest and quickest way to get control of Patient [REDACTED]. Officer Hauscarriague stated he made this decision due to the potential of [REDACTED] having a weapon and the threats [REDACTED] was making. Officer Hauscarriague stated he was concerned for the safety of everyone.

Officer Hauscarriague said once he made contact with [REDACTED] "He clenched up. I attempted to take him to the ground, but we did not go to the ground as I intended." Officer Hauscarriague stated he and [REDACTED] went towards the wall instead of the ground. Officer Hauscarriague told me it could have been from [REDACTED] resisting but he could not be sure. Officer Hauscarriague said it was possible that other Police Officers saw [REDACTED] resisting but due to Officer Hauscarriague hitting his head on the wall he could not remember.

Officer Hauscarriague stated, "He was a threat, he had his fists clenched. He was agitated. He wasn't calming down, and I believed I needed to get control of him, to keep everyone and my fellow Officers, the staff, and the patients safe. That was the best decision to keep everyone safe." Officer Hauscarriague was referring to what ultimately determined his decision to go hands on with [REDACTED].

Officer Hauscarriague referenced that there are things that he does not remember hearing during the incident. I asked Officer Hauscarriague if it was possible he does not remember statements made by [REDACTED] due to hitting his head on the wall. Officer Hauscarriague responded, "Yes." Officer Hauscarriague told me that it was possible other Police Officers that were at the incident could hear [REDACTED] making threatening statements that he could not remember.

Officer Hauscarriague told me once his head hit the wall and he fell to the ground he was "Real dazed" and his "Ears were ringing" a "Very loud ringing." Officer Hauscarriague said he remembered asking [REDACTED] if "He was okay?" Officer Hauscarriague stated [REDACTED] responded, "Fuck you" and "No I'm not okay."

According to Officer Hauscarriague, once [REDACTED] was placed on a gurney and received medical treatment, [REDACTED] was still making threats to Police Officers. Officer Hauscarriague stated, [REDACTED] was still "Saying he was going to kill us".

I asked Officer Hauscarriague if he could describe the injuries he sustained due to the incident with [REDACTED]. "I thought I was fine, but others had noticed my speech was slurred. I seemed confused, and I would become distant and daze off. Not respond to them." I asked Officer Hauscarriague if the other Police Officers who were familiar with his behavior were the ones who noticed a difference. Officer Hauscarriague said, "That is correct."

Officer Hauscarriague said Sergeant Sergio Flores transported him to Queen of the Valley Medical Center (QVMC) where he was diagnosed with a [REDACTED]. Officer Hauscarriague was placed on Worker's Compensation due to this incident with [REDACTED]. Officer Hauscarriague said he could not operate a motor vehicle for twenty four (24) hours, and had to be woken up every three (3) hours and monitored.

I asked Officer Hauscarriague how he was currently feeling? Officer Hauscarriague responded, "I'm feeling better. I'm still sore. My head hurts. [REDACTED]"

I asked Officer Hauscarriague if all of these injuries he had just described were sustained because of the incident with [REDACTED]. Officer Hauscarriague stated, "That is correct."

I concluded my interview at approximately 1854 hours.

I took updated photographs of Officer Hauscarriague's injuries and attached them to this case (4

NARRATIVE

Detective Review of Case # 17-03-418, originally filed by Officer Jose Becerra

Interview With Suspect/Patient

On 03-24-2017, at approximately 1129 hours, officer Jamie Davies, detective Gary Fagundes and I interviewed suspect patient . The interview took place at Napa State Hospital, in Unit A3, in room #1179, an activity room.

An audio recording of the interview is attached to the case.

Officer Davies began the interview by reading her Napa County District Attorney's Office issued Miranda Advisement card to verbatim

After each advisement, acknowledged he understood by saying "Of course."

When advised that questioning would cease if he requested an attorney be present, said, "All right, keep going. No lawyer."

Officer Davies conducted the first part of the interview. Please refer to her supplemental report for details regarding her interview.

Approximately seven (7) minutes and twenty two (22) seconds into the interview, I began assisting

Officer Davies with the interview. Key elements of my questioning are as follows:

█████ said, "I could have a bomb dropped on this fucking place with a phone call."

I asked █████ if he was scared during the police containment. █████ said, "I wasn't scared. I'm willing to die any time."

I referred to █████ claiming he would bomb Napa State Hospital if he could. █████ said, "I will."

I asked █████ about his feeling Hospital Police should die. █████ said, "I feel like I should go in that fucking little house they got and I should throw a fucking handful of dynamite in there and blow the fucking place up, I don't give a fuck if they get a chance to get out or not."

I asked █████ if he served in the military. █████ said, "I was on the way to Vietnam."

I asked █████ if he had completed military basic training. █████ said, "I was ready to go. I got drafted right out of high school."

I asked █████ what branch of the military he had been drafted by. █████ said, "Military. Army."

I asked █████ if he had to kill somebody if he would know how. █████ said, "Fuck yes."

█████ said, "I feel confident that if I get to one of these motherfuckers, I'll kill 'em with my bare hands. I know how to punch. I know how to kidney punch. I know every fucking thing about fighting. And I know karate. My father started me in karate because he didn't want me touching knives or guns."

I asked █████ how long he had trained. █████ said, "Thirty years I been training in karate."

█████ said, "My father saw the killer in me, so he didn't want me to go to jail or prison. He wanted me to use karate free hand."

█████ said, "I'm a lover, not a fighter. But if you make me fight, then I'm a fucking killer."

█████ said, directed at hospital police, "And don't harass me any more, because I will start being sneaky."

I asked █████ what his intent would be if he encountered officer Hauscarriague again. I asked █████ if he would kill officer Hauscarriague. █████ said, "If I get a chance."

End of interview.

Based upon █████ statements to me, combined with his statements to officer Davies, I concluded probable cause to arrest █████ had been established. Please refer to officer Davies' supplemental report for details regarding the arrest of █████ and the charges brought.
